

Permission letter

Good afternoon mam

I am Mohammed Abdul Awaiz, from IT-B VI Sem.

I was sick from 2-4 May and couldn't attend the tests on the same dates (3,4). As soon as I recovered, I hopped back and wrote the tests I could grab as per the schedule. I missed 4 tests (Embedded systems, Disaster management, Network security and cryptography, and Cloud computing) and want to write them as soon as possible.

Can I please get your permission to write them.
